

# BizPower Benefits

**High value benefits for employees, bigger profits for employers.**

Discover a new way to save money and increase employee benefits ...at no net cost!

[BizPowerBenefits.com](https://BizPowerBenefits.com)

With BizPower Benefits, the tax savings allows your employees win big by receiving both a powerful wellness program and additional supplemental insurance benefits without reducing their take-home pay.

## What if...

You were told you could give your employees a robust wellness program with FREE telehealth (no copay) and about \$150 a month to spend on voluntary benefits like Accident, Critical Illness, and Life? — All with no net cost to you and it doesn't reduce their take-home pay.

What would you say if you were told that on top of all of that, after fees, you will actually save an average of \$550 per employee per year on payroll taxes?

Based on \_\_\_\_\_ employees, we will save you on average \_\_\_\_\_ a year on payroll taxes!

That's about \_\_\_\_\_ a month back to your bottom line!

## How Does It Work?

**A New Way To Save Money & Increase Employee Benefits — at No Net COST!!!**

Not just "any" program will do. BizPower Benefits leverages nearly a decade of research and development to offer a self-insured medical reimbursement plan paired with a targeted wellness program, both meticulously designed to comply with all IRS tax regulations. Notably, our program complies with Sections 125 and 105 of the IRS code, and all IRS memos related to establishing a wellness plan in the work place. Our program has the effect of reducing employee's taxable wages, providing them with a net surplus to be used for additional benefits without reducing their take-home pay. This reduction, in-turn, decreases the employers Social Security and Medicare match, providing an immediate increase in company profitability.

## Our Insurance Products

### Accident

Pays a benefit for a covered accidental injury. Provides 24 hour coverage, on or off the job.

### Life

Pays a lump-sum cash benefit when diagnosed with a covered critical illness. Preventative care management program benefit included.

### Critical Illness

Provides a lump-sum cash benefit to help pay final expenses, bills, and more. Term or Whole Life options.

## To Recap

We can help your company save an average of \$550 per employee per year on payroll taxes, with these savings realized immediately in the very first month.

Beyond this, each of your employees will benefit from a comprehensive wellness program that also extends to their spouse and dependents.

Additionally, each employee will have an average of \$150 per month to spend on supplemental benefits, all without reducing their take-home pay or reducing their tax refund.

We would love to take a few minutes of your time to explain the program in depth. We'll show you the relevant tax codes and guide you through the entire process, ensuring you understand every detail.

Please visit us at [www.bizpowerbenefits.com](http://www.bizpowerbenefits.com) and click on the "Get Prequalified" button to schedule your complimentary consultation. We look forward to helping your company thrive.
